

**THE AMERICAN  
RHINOLOGIC SOCIETY (ARS)**

**ARS RESIDENT RESEARCH GRANT  
GRANT POLICIES**

---

**A. PURPOSE**

The purpose of this award is to support basic, translational, or clinical research projects in rhinology.

**B. ELIGIBILITY**

Any resident in training in an approved program in the U.S. or Canada is eligible to apply for the American Rhinologic Society Research Grant. Resident applicants must have as a co-investigator a supervising faculty who is a member in good standing in the American Rhinologic Society (ARS).

**C. CONDITIONS**

Proposed projects may be related to any area of rhinology. Proposed projects shall be designed in collaboration with a preceptor investigator and approved by the candidate's department chairperson and institution. The recipient shall be free to publish the results afterward, but the American Rhinologic Society shall have the right of first refusal for publication in its journal, *The American Journal of Rhinology*. Any presentation or publication of results supported by this award shall acknowledge the contribution of the ARS research grant. The results of research funded by the ARS must be submitted in abstract form for consideration for presentation at a national meeting of the American Rhinologic Society. Applications must be accompanied by a letter of support from the applicant's Department Chair and Preceptor verifying that the applicant will be permitted to devote an appropriate amount of time to the conduct and timely completion of the proposed research project. Applicants must obtain letters of support/understanding from all key personnel on the project.

**D. TERMS**

1. **Amount:** \$8,000 maximum total (direct and indirect) costs
2. **Period:** 12 months, non-renewable
3. **Funding:** The ARS Board of Directors will determine the total number of Research Grants authorized annually. The actual number of awards funded will depend on the merit of the applications received.
4. **Use of Funds:** Funding may not be used for salary support for the Principal Investigator; however, up to 50% of the total budget may be requested to support assistants or other technical personnel. If university policy stipulates that a portion of this very modest award must go toward institutional indirect costs, no more than ten percent (10%) of the total costs may be applied for indirect costs. Equipment and supplies purchased with this award become the property of the recipient institution.
5. **Notification:** Letters of notification will be sent by June 1 of the award year. Please do not call the office prior to this time to inquire about the results.
6. **Start Date:** The grant may be activated as early as July 1 of the award year and no later than January 1 of the following year.

**E. FORMAT**

Applications are in a similar format to the National Institutes of Health. All applications must be completed and submitted online through Proposal Central at <https://proposalcentral.altum.com>. The final page of this document includes a general outline of what will be required.

RHINOLOGIC SOCIETY (ARS)**

**ARS RESIDENT RESEARCH GRANT  
GRANT POLICIES**

---

**F. SIGNATURES**

ARS grants are legally awarded to the institution with which the Principal Investigator is affiliated, not to the investigator or his/her division or department. For this reason, it is very important that applicants comply with their home institution's policies with regard to pre-submission processing of grant applications. This can take time, so it is wise to plan ahead, allowing adequate time for processing and approvals. For example, the original copy of an application to the ARS must be signed by the person legally authorized to represent the institution in any contractual relationship that might result. This is typically someone in the administration whom the applicant does not know personally. Applicants are advised to consult their institution's offices of research administration or sponsored projects for information on processing requirements for an application prior to its submission.

**G. APPROVALS**

If the proposed research involves human subjects or vertebrate animals at any time, the project must be reviewed and approved by the appropriate institutional review board (IRB) or animal use and care committee (IACUC). This approval should be obtained prior to submission and submitted with the application. If such approval is unavoidably delayed, enter "pending" instead of the date and send a follow-up certification of approval signed by an official of the application institution within 30 days after the January 15th application receipt date. Grant applications which are not supported by evidence of the appropriate IRB or IACUC approvals will not be reviewed or considered further in that grant cycle. Any changes in the proposed work required by an IRB or IACUC to secure approval must be submitted to the Foundation with the follow-up certification, prior to review or after the work is in progress.

**H. LETTER OF INTENT**

All applicants must submit a Letter of Intent online no later than midnight Eastern Standard Time December 15. The letter of intent includes the title of the project, the principal investigator, and an abstract of the work. This will facilitate planning review requirements. See the proposalCENTRAL website (<https://proposalcentral.altum.com>) to begin the letter of intent process.

**I. RECEIPT DATE**

Allow yourself enough time to have the appropriate individuals review your application. Once your application is complete, print your cover page and have all of the necessary individuals sign. Keep in mind that it may take a few days to obtain all of the necessary signatures. The CORE grants program is paperless, so no hard copies of the signature page are to be mailed. Once all signatures have been obtained, you should scan the document and upload the .pdf to the system and retain the original for your files if needed. Once the signature page has been uploaded, run the checks within the system and click 'SUBMIT.' You will receive a confirmation email indicating that your proposal has officially been submitted.

**ALL materials must be submitted online by midnight, Eastern Standard Time, January 16, 2012.**

**J. FOLLOW-UP**

In carrying out its stewardship of research programs, the ARS or AAO-HNSF may request information essential to an assessment of the effectiveness of this program. Accordingly, the recipient is hereby notified that s/he may be contacted after the completion of the award for periodic updates on various aspects of employment history, publications, support from research grants or contracts, honors and awards, professional activities, and other information helpful in evaluating the impact of the program.

GRANT POLICIES

---

**K. REPORTING REQUIREMENTS**

Recipients of the ARS Resident Research Grant are required to complete an interim report at 6-months. Within 30-days of the completion of the project, the awardee will submit a final report suitable for publication. The ARS shall have the right of first refusal as regards to publishing the results of investigations supported by this award. A final financial report must be submitted within 90 days of the close of the project. Any publications resulting from a project supported with the award shall acknowledge the contribution of the ARS Resident Research Grant.

**GRANT CHECK LIST**

Visit <https://proposalcentral.altum.com>

TIP: When completing the LOI and Application, be sure to save each page before selecting 'Next.'

**I. CREATE/UPDATE PROFESSIONAL PROFILE**

- Contact Information
- Degrees
- Research Interests
- Personal Data for Application
- Biosketch
- Enable others to access your profile
- Account information (link to existing or create Institutional Profile)

**II. CREATE LETTER OF INTENT (LOI)**

- 1) Project Title *(Do not exceed 80 characters)*
- 2) Grant access to key personnel from your institution
- 3) Applicant/PI *(Pre-populated from your Professional Profile)*
- 4) Institution & Contacts *(Pre-populated from your Professional Profile)*
- 5) Abstract *(2,000 characters max, including spaces. Text only. No special characters or formatting)*
- 6) Select key words to describe your project *(this assist us with selecting appropriate reviewers)*
- 7) Validate that everything has been completed for the LOI
- 8) Submit. Receive confirmation email entitled 'LOI to American Academy of Otolaryngology has been Submitted'

**SUBMIT LOI BY DECEMBER 15, 2011**

**III. COMPLETE APPLICATION**

1. Receive email entitled 'LOI to American Academy of Otolaryngology has been Approved.' This is your signal that you can begin the on-line application.
2. Title Page *Some information pre-populated from the LOI*
  - a. Is this a resubmitted application from a previous year? If yes, explain what has been changed.
  - b. Other sources of funding? If yes, identify sources.
  - c. Total amount being requested for the entire project?
  - d. Proposed start and stop dates
3. Download Instructions and Templates to help guide you through the application process
4. Enable other users to access the application
5. Applicant/PI *Most information pre-populated from Professional Profile*
  - a. % effort proposed for PI on this project.
6. Institution & Contacts *Some information pre-populated from Institutional profile*
  - a. Email for Signing Official
  - b. Email for Financial Officer
  - c. Email for Department Head
7. Key Personnel
8. Abstract *Already completed as part of the LOI*
9. Assurances & Certifications (use of Human Subjects, Vertebrate Animals or involvement of Recombinant DNA?)
10. Research Strategy
  - a. Research Strategy not to exceed 6-pages
    - i. Significance
    - ii. Innovation
    - iii. Approach
  - b. Budget & Budget Justification not to exceed 4-pages
  - c. PI Biosketch
  - d. Resources & Environment
  - e. Abstract
  - f. Department Head Letter
  - g. Other support (letters of support from all key personnel)
11. PI Private and Demographic Info *Pre-populated from Professional Profile*
12. Print Grant Cover Sheet and have it signed by the appropriate signing officials and upload the signed signature page to the application
13. Run checks within the system to ensure the application is complete
14. Click 'SUBMIT'

**SUBMIT APPLICATION BY JANUARY 16, 2012**
